

Innovative and Expansive for 70 Years

Founded in Germany in 1946, GÖLZ is the new name in masonry table sawing, core drilling, masonry & concrete cutting saws & diamond tools.

Since its inception GÖLZ products are sold in over 40 countries worldwide and has dedicated GÖLZ sales centers in USA, Germany, Austria, UK, France and now Australia!

German technology and precision is foremost in all GÖLZ products, whether its the smallest diamond blade or the biggest self-propelled road saw, quality and reliability come first. If you are in the building/construction or civil works fields there is a GÖLZ product to suit your needs.

All Diamond Tools and Machines under one Roof.

GÖLZ – Your Partner for Professional Solutions in the Drilling and Sawing Industry

Gölz, professional concreting solutions
powered by 70 years of experience.

Gölz Core Drills

A Professional solution for easy and convenient operation in road and building construction

2200w Gölz Hand Held Core Drills

Heavy duty, 3 Speeds

3-Speed Heavy Duty Hand Held Core Drill. Powerful core drill with full metal housing for hand held and/or drill stand operation.

- Drill Bit connection 1 1/4" UNC (external) and R 1/2" (internal)
- PRCD integrated in the power cord
- Soft start and thermal overload protection
- FB33P & FB33S - Up to Ø 200mm
- Gardena water connection
- Horizontal & vertical bubble Levels
- Toolset SW32 & SW41 inclusive
- Full set of core drill bits available

Optional Accessories
Drill Stands
Vacuum Pump

Model	Operation	Style	Power	RPM	Gears	Weight	Dimensions (LxWxH)
FB33P	Wet & Dry	Pistol-handle	2200w	520/1400/2900	3x	6.5kg	422x100x295mm
FB33S	Wet & Dry	D-handle	2200w	520/1400/2900	3x	6.5kg	562x100x150mm

2.8kw Stihl Gölz Core Drill

KB350 - Stihl powered, Two stroke

The ORIGINAL and most modern solution in pipe and sewage drilling with GÖLZ KB350 and Stihl-2-stroke-engine.

- 110-354mm drilling diameter
- Drill stand with pipe base (self centering)
- Ground frame with 2 ground fixing spikes
- Fastening straps with ratchets (fixing onto pipes)
- 45° and 90° drilling (engine allows any angle drilling)
- 300rpm gearbox with water swivel
- 10L pressurised water tank
- 45kg total weight (with STIHL engine)
- 4m Flexible exhaust hose extension

Model	Core Size	Travel Length	Power	RPM	Drill Angles	Weight	Extra
KB350	110-354mm	450mm	2.8kw STIHL	300rpm	Up to 90°	45kg	Straps

Gölz Drill Stand

Laser pointer for setup

KB125 Drill Stand

- 650mm travel length
- Ø250mm drilling diameter
- Up to 45° angle drilling
- Standard 60mm ring collar fro core drill attachment
- Aluminium roller carriage with smooth & precise guiding
- Left and right handed operation
- Laser pointer for accurate setup
- Anchor/Vacuum base
- 12kg stand
- Tool and fastening kit included
- Dimensions 505x350x945mm

Gölz Vacuum Pump

For anchor-less drilling

Vacuum Pump VP25

- 250 Watt
- 25L/min suction volume
- 1500L/hr
- 5L Safety tank
- Vacuum breaker
- Rubber seal creates vacuum for anchor-less drilling
- Vacuum remains operating with pump turned off
- Super quiet running
- 13kg weight • IP44

Gölz Tile Saws

High precision cutting of tiles, bricks and blocks

TS200 Gölz Tile Saw

200mm blade size

Professional tile cutting machine

- 1300watt motor
- Up to 45° (Jolly cutting) adjustable cutting head
- Removable water tub, cutting table for easy cleaning
- Adjustable cutting length
- 2800rpm shaft speed
- 55w Electric water pump with quick coupling for easy changing pump
- Removable blade guard for easy changing of diamond blade
- Foldable legs
- Rear wheels for transport onsite
- Comes with 200mm blade

Model	Power	Blade Size	Cutting Length	Cutting Depth	Cutting Table	Weight	Dimensions (LxWxH)
TS200	1300w	200mm	560mm	40mm	720x480mm	57kg	1220x540x1299mm

TS250 Gölz size Tile Saw

250mm blade size

Professional tile cutting machine

- 1300watt motor
- Up to 45° (Jolly cutting) adjustable cutting head
- Removable water tub, cutting table for easy cleaning
- Adjustable cutting length
- 2800rpm shaft speed
- 55w Electric water pump with quick coupling for easy changing pump
- Removable blade guard for easy changing of diamond blade
- Foldable legs
- Rear wheels for transport onsite
- Comes with 250mm blade

Model	Power	Blade Size	Cutting Length	Cutting Depth	Cutting Table	Weight	Dimensions (LxWxH)
TS250	1300w	250mm	980mm	65mm	1140x480mm	72kg	1640x540x1299mm

16mm to 400mm Gölz Core Drill Bits

Diamond tipped bits

Drill Bits for concrete, reinforced concrete, brickwork, asphalt, granite and ductile cast iron pipes. Excellent performance.

- Diamond drill bits 1 1/4" UNC standard attachment
- Diamond core drill bit 3-hole flange

Gölz Floor Saws

Compact machines for in- and outdoor application

FS125 Gölz Floor Saw

120mm cutting depth, lightweight, stable

Robust and user friendly for small road repair jobs or cutting small trenches for piping. The alternative solution to a cut off saw on cart.

- Adjustable anti-vibration handles for operator comfort
- Cutting depth adjustment by handwheel
- Cutting depth indicator • Push style cutting
- Front cutting guide
- Parking break
- Lifting frame
- 25L water tank
- Big rear wheels for good chassis clearance
- Durable Poly-V belt for an optimum of power transmission
- 6.5hp Honda GX200 option available

Optional Accessories
Diamond blades for
asphalt, concrete.

Model	Blade Size	Cutting Depth	Shaft Speed	Engine	Hand Vibration	Weight	Dimensions (LxWxH)
FS125	350mm	120mm	2730rpm	7.0 Subaru	4.5m/s²	84kg	650x450x1000mm

FS175 Gölz Floor Saw

165mm cutting depth, robust, comfortable

Compact and solid push saw for small services and repair jobs in roadworks. The anti-vibration handles is height adjustable for operators convenience.

- Adjustable anti-vibration handles for operator comfort
- Cutting depth adjustment by handwheel
- Cutting depth indicator • Push style cutting
- Front cutting guide
- Parking break
- Lifting frame
- 25L water tank
- Big rear wheels for good chassis clearance
- Durable Poly-V belt for an optimum of power transmission
- 13.0hp Honda GX390 option available

Optional Accessories
Diamond blades for
asphalt, concrete.

Model	Blade Size	Cutting Depth	Shaft Speed	Engine	Hand Vibration	Weight	Dimensions (LxWxH)
FS175	450mm	165mm	2300rpm	14.0hp Subaru	4.5m/s²	126kg	1220x491x1160mm
